## Woodwind Quintet

U.S. Naval Forces Europe and Africa Band's woodwind quintet is a diverse classical chamber ensemble with repertoire spanning from Bach and Mozart to modern American and international classics. The woodwind quintet has performed for audiences and dignitaries in numerous countries in support of Commander, U.S. Naval Forces Europe and Africa. The ensemble is ideal for public concerts and their smaller size also makes them well suited for educational concerts at elementary, secondary schools and universities.
